Money.—The dealings in money continued after bank hours, and as high as 7 per cent with a commission of ½ of 1 per cent with a commission of ½ of 1 per cent per day was paid for its use until tomorrow. This rate is equivalent to about 52 per cent per annum. The lowest rate of the day was coin interest. The gold sold by the Government yesterday was paid for to-day, and this added to the drain on the banks. Secretary Boutwell stopped in the city only a short time, and passed on to Washington. Thus shall we discharge a duty to the fathers, whose principles we inherit, to the children, who will then know whether to honor or to dishonor the sires that begot them; and above all, to the dead heroes sleeping on the visit to engrave upon their tombs.
